

EARLY BIRD DETAILS

Early Bird is discounted pricing on most of the tournaments. It is open for a short period to get reduced tournament pricing for everyone who registers during the Early Bird registration dates. This is not exclusive to programs with multiple teams. It is for everyone including travel teams, club teams, single teams, league teams etc.

Early Bird discounts start when our registrations open for the upcoming season. It runs from registration opening until the end of the year prior to the season you are registering for. (Example from September 15, 2024-December 31, 2024 for the 2025 season)

Early Bird discounts are automatically applied at the time of registration. There is no code or anything you need to do to apply the discount.

Early Bird discounts are NOT available for all tournaments. There are some tournaments that do not have any discounted pricing.

Early Bird discounts cannot be transferred (for Example if you registered during Early Bird for Cinco but decide you want to cancel and register for a different event after the discounted period, that discount does not transfer to the new event). We can cancel the event but you will need to register for the new event at the current pricing.

Payments cannot be made during Early Bird registration. We do not open our payment gateway until January 1st of the upcoming season of play. Once the gateway is open you will be able to begin making payments.

Payment is due a minimum of 25 days prior to the start of the tournament to be guaranteed the discounted pricing unless sold out sooner.

If registration closes or the event sells out and payment is not made the following will occur:

- Your penciled in status will be canceled along with your discount

- You may re-register at regular price if room is available and registration is still open

- Our events do sell out and your payment is the only way to confirm your entry

- It is 100% your responsibility to make payments.
